Hi Avians,

Hope you all are doing great.

I wanted to thank all of you for your support during DataHack Summit 2018. What we delivered this year was in all terms better and bigger compared to last year and needless to say, it would not have been possible without your help and support.

I can proudly say that we have the most awesome volunteers team. Thank you once again :)

If you have any feedback yourself or any one shared it with you, feel free to share it with me directly.

Regards,
Sunil Ray

Hi all,

Thanks for incredible support and energy at the Summit. We would not have seen the same success and execution without your help and dedication.

If you need any help in future - just let us know. Looking forward to see you in future AV events.

Regards,
Kunal
